

Small Group Homework for week of Apr 26th

“Seeing with the Eyes of Faith”
Pastor Mirek Hufton

Conversation starters.....

- No one has really “gone out” in a long time. What evening outing or form of “out of house” entertainment have you missed the most?

- How soon and what will be the first eat in restaurant you visit when the lock-down begins easing?

- How much have you missed having your hair or nails done? Yes men, even you, getting a haircut? How soon will you venture out to one of those businesses?

Into the Bible....

- Pastor Mirek continues this week with the main passages from **2 Corinthians 4:13-18** and **2 Corinthians 5:7**. Last week we focused on speaking. This week we focus on “seeing”. One translation of 2 Cor 5:7 puts it this way “*I live by what I believe, not in what I see*”. Maybe let’s relate that scripture to current events. How do we do it?

- Read **Proverbs 29:18**. One definition of this scripture puts it this way. “*Where there is no vision (cannot SEE it) (no revelation) the people will perish.*” We can see that happening in our society. Imagine going through this time with no revelation of God. What do we see that the world cannot see?

- Fear is seeing negative images of your future. How easy is it to think this way and how do we combat it? What then does faith see?

- When I can’t see in my spirit the future answer, there is a simple solution. Read **Hebrews 12:2**. I can always see Jesus with the eye of my faith, and in HIM is every answer and solution. He will paint the pictures of faith in your heart. Let’s look unto Jesus this week and allow Him to strengthen your vision and your faith!
