

Small Group Homework

for week of Apr 19th

“Having the Same Spirit of Faith”

Pastor Mirek Hufton

Conversation starters.....

- Here we are making our way through the month of April. Life has taken on a new normal for all of us. Let's start off with some fun memories. This would have been prom week for many of our high schoolers. Did you go to prom? Do you have any funny prom stories to tell?

- As the weeks have continued, are you settling into a new routine? What has been the most difficult part for you as we wait for our “liberation”?

- What has been the most enjoyable change for you and your family?

Into the Bible....

- Our main passage this week is **2 Corinthians 4:13-18**. Please read this passage aloud. So much is in this portion of scripture that can help us now. What does Paul define as the “spirit of faith”?

- Looking at the 2 components of the spirit of faith, how can we grow in each component and strengthen that combination?

- The rest of this passage not only brings us back to the resurrection we celebrated last Sunday, but brings us into the “light affliction” of today. How can we “not lose heart” as discussed in **verse 16**?

- Read verse 18 again. Relate this scripture to the current times we live in. How important is it to be looking into the Book and meditating on that truth, tuning out the bad news?

- Let's have an assignment this week to memorize and meditate on this passage in 2 Corinthians. “See” you next week!
