

## Small Group Homework for week of August 16th

“The Rewards of Loving Your Enemies”  
Pastor Mirek Hufton

### Conversation starters.....

⇒ Welcome back to Small Groups! Let’s take a few minutes to acquaint and reacquaint each other. If you are new to the group, please share your names, members of your family etc., and how long you have been attending WHC.

---

---

⇒ Wow, what can we say? This has really been a year! We could probably spend the whole group time just sharing what life has been like for you and your family. But maybe we could pick one fun thing from this summer and share if you have been able to take vacation or have a family milestone event.

---

---

---

⇒ Have you ever received a special award or reward for “above and beyond” service rendered or “over the top” action of some kind? Please share that and discuss why an award was warranted. If you don’t have something of your own life, maybe a loved one.

### Into the Bible....

⇒ Pastor Mirek has been teaching on the all important subject of LOVE. This topic is the core value of Christianity and what we are called to be as saints. You won't get this teaching anywhere else, because Jesus calls us to such a high level and we can only live it by the grace of God. Read **Luke 6:27-36**. The difficulty is in the doing of it! How do these instructions go against our carnal nature?

---

---

---

⇒ The emphasis of this lesson is on the fact that if we will work hard and go "above and beyond" and "over the top", there is a reward for our WORK. Read **Luke 6:35** again. "Reward" means *pay for service, or wages*, and "great" means *often and abundant*. Why do you think God the Father will pay us to walk in love?

---

---

---

⇒ Read **1 Peter 3:8-12**. In **verse 9** we see that this is the life we are called to. But the good news is that we will inherit a blessing! This will be in this life and also in the next. As in **verse 10**, do you want to love life and see good days? Then we must walk in love. What does loving life and seeing good days mean to you? Discuss how the hard work of loving others is worth getting to receive the blessing of the Lord.

---

---

---

This week, focus on some of the difficult people in your life. Pray for them, do good to them, change your thoughts about them and think good thoughts and believe for good to come to them. God will reward you for this hard work. Have a great week!
