

Small Group Homework
for week of May 9, 2021

Worship Weekend & Mother's Day!
Eddie James and Co.

Conversation starters.....

- How can we not start out our conversations talking about our moms? Did you do anything special for Mother's Day this week?

- Share a special memory of your mom growing up.

- If you had to pick one life lesson you learned from your mom, what would it be?

Into the Bible....

- We had an awesome worship weekend with Eddie James and Company. Were you able to attend the Friday night concert? They also led the service on Sunday. What were your main take-aways from the services?

- Read **Psalm 149:1-6** and **Psalm 150**. God loves corporate worship! He loves it when we come together to praise Him. 149:1 tells us to praise Him in the assembly of the saints, and 150:1 tells us to praise Him in the sanctuary. Discuss the changes in your countenance and frame of mind and spirit after you worship with the congregation.

- **Psalm 149:5-6** brings it home for the saints. These scriptures must be obeyed in private. How can we bring more worship, praise and confessing the Word into our private lives?
